

CREATE
YOUR
PERFECT

Jewelry Wish List

AT WIMMER'S DIAMONDS

Wimmer's Diamonds, a trusted staple in the Fargo-Moorhead community for over 105 years, invites you to stop in and create your very own jewelry wish list! Whether you're dreaming of the perfect piece for a special occasion or want to drop a subtle hint for an upcoming celebration, Wimmer's is here to make the process both easy and a whole lot of fun!

WHY CREATE A WISH LIST?

It can be a sticky situation when you don't like a piece of jewelry that your loved one has taken the time to pick out for you.

No matter their most sincere intentions, if a piece isn't your style, size, or vibe, you may feel like returning the item for something that is—and that can leave the gift giver feeling discouraged. When you create a wish list, you're setting yourself and your loved one up for success!

And now, you have the chance to explore Wimmer's extensive collection in person and receive expert guidance from their staff. The hands-on experience of trying on pieces, touching, and feeling the jewelry lets you discover what truly resonates with your style. Plus, your wish list will be saved in-store, ready to make your dreams come true when the time is right.

BUILDING YOUR WISH LIST IS EASY

1. Visit the **Wimmer's Diamonds showroom**, no appointment necessary.
2. Browse their showcases with the help of a jewelry expert.
3. Try on pieces, explore styles, and finalize your wish list.
4. Once your list is ready, **Wimmer's can help drop a hint** to your loved one, ensuring they pick the perfect gift.

Note: Once your personal jewelry wish list is created, your Wimmer's jewelry expert can send your partner or loved one a subtle text or note. If you'd like to deliver the message yourself, they can write all of the necessary information on a card so you can leave it on their nightstand or the refrigerator door!
